

Alerts FAQs

Note: These FAQs are taken from the in-product help. If you're assisting users and you're in your own account so you can talk then through their issue more effectively, you can find this information there.

- Click the Settings gear icon at upper right
- Alerts are sent to the Notifications section of the product (bell icon)

- If you also want to receive alerts via email, first verify your email by clicking on the Verify next to the email address field. If you want to receive alerts via text, enter your mobile number and verify it.
- Notifications will be delivered nightly after account information has been updated. Budget alerts will be grouped into one email. Other alerts will appear in separate emails.

Managing Alerts:

- Use the toggle switch to enable or disable each alert
- Click "Edit" to choose how to receive alerts, to choose which accounts will be tracked, and/or to change the amount at which an alert is triggered (Account alerts only)
